

# Idea Hunter

## Crowd Ideation to Engage Everyone

Many people find it challenging to maintain momentum after training. The day after your training it's like it never happened...

Chara Communications offers Idea Hunter, a mobile digital tool that continues to engage people after the event. Participants can put what they've learned to use and crowdsource ideas and situations to create a flow of inspiration.

## Take your ideation out of the conference room

Once you know how to appreciate CX, good examples and cases are everywhere

Idea Hunter makes ideas accessible at all times, ensuring that they are handy whenever inspiration is needed. It allows staff, management, key partners, and even customers to play a part in the ideation process. Frontline staff are the greatest source of ideas, as they interact with customers every day.

Using the framework and directions provided by the Experience Archetypes®, participants “hunt” for and share ideas in their daily lives and work. Good ideas are recognized and rewarded. Breakthrough ideas come to those who are always looking for them. Once people start looking for ideas, they find them everywhere.

### Key benefits:

- After class, members are engaged. They will implement what they have learned in the course and continue to learn.
- Connects everyone in the organization and allows them to participate in CX creation.
- Provides a platform for administration and staff communication.
- Encourage innovation so that employees who have excellent ideas are recognized and rewarded.
- Creates an idea box for motivation and an innovation pipeline.

Everyone is your Idea Hunter
